Female cats - \$55*

(Price includes pain medication to go home.)

Male dogs - \$66*

(Price includes pain medication to go home and Elizabethan collar.)

Female dogs - \$80*

(Price includes pain medication to go home.)

Did you know that spaying or neutering your pet provides many benefits as well as preventing animal overpopulation?

Your pet will be more content and less likely to roam, bite, scratch, fight, or mark territory.

Spaying and neutering also lowers the risk of uterine, mammary, and testicular cancer.

Spay or neuter your pet!

***New prices effective 5/24/09. YOU MUST QUALIFY TO RECEIVE THIS PRICE. Call clinic for regular prices.**
